

## r 8.3 **RECUMBENT BIKE**

**DOMESTIC AND INTERNATIONAL MODEL** › VMEX82014

### FEATURES & BENEFITS

**LED MATRIX DISPLAY** › Track your progress on large, easy-to-read LED displays. You'll stay on top of your workout so you reach your goals fast. Six displays track your speed, time, distance, resistance level, pulse and calories burned.

**QUICK SELECT START & STOP** › Start and stop your workout at anytime with the simple touch of a button.

**QUICKLIFT™ OVERMOLDED SEAT** › For easy, secure seat adjustments, users simply lift the lever and quickly slide the seat to the desired position and it locks in place.

**HIGH-DENSITY FOAM GRIPS** › These non-slip handlebars are ergonomically designed to cut down on fatigue and prevent discomfort.

**HUTCHINSON® BELT DRIVE SYSTEM** › One of our quietest drive systems, the belt drive offers a smooth ride and a comfortable workout.

**2-PIECE CRANK** › Enjoy a smooth, comfortable ride with this two-piece crank that creates a more realistic biking experience.

**INERTIA ENHANCED FLYWHEEL** › Get steady performance and the consistent momentum of a real bike with the inertia enhanced flywheel. Built to last and made to perform, this flywheel is low maintenance and durable.

**LARGE, SELF-LEVELING PEDALS** › These articulating pedals keep your feet level, reducing ankle rotation and making your workout more comfortable. Plus you can adjust the fitting to make sure your feet stay securely on the pedals while exercising, letting you focus on working out!
